# Introduction

## About Black Gold

Black Gold Construction company is a dynamic leader in the industrial services sector, specializing in civil, mechanical (Pipeline, Process Piping & Structure), and Electrical & Instrumentation (E&I) disciplines. We bring a wealth of expertise to every project, offering a comprehensive range of services tailored to meet the unique needs of our clients.

## Our Revenue Traction

Yearly Revenue:

**19 MILLION (SAR)**

Average Revenue/Customer:

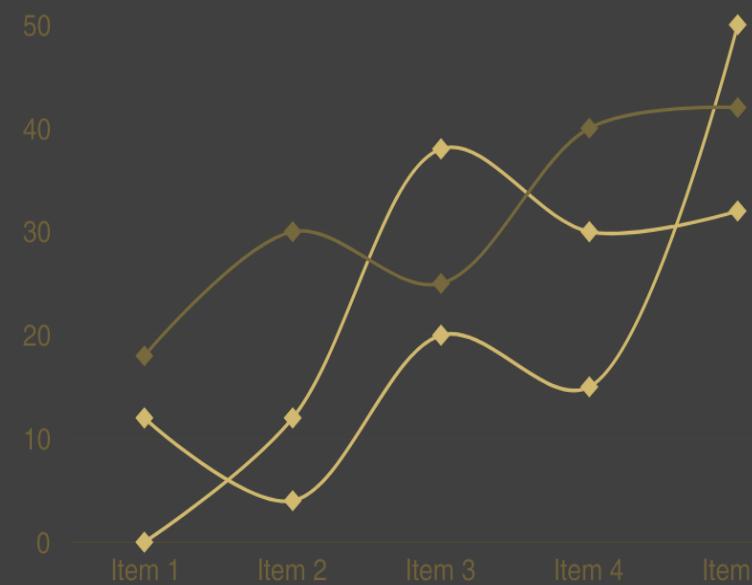

**16 MILLION (SAR)**

Monthly Revenue Growth:

**2 MILLION (SAR)**

## COMPANY's INTRO

Since its founding in 2018, Black Gold Group has firmly established itself as a pillar of excellence in the Kingdom of Saudi Arabia. With a distinguished legacy of accomplishments and a commitment to sustained growth, the group leverages its extensive expertise in engineering, consulting, and project management to deliver impactful solutions that drive value on both national and global scales.

# Project Lifecycle in Construction

100+  
CLIENTS

47+  
SUCCESSFUL  
PROJECTS

06+  
YEARS OF  
EXPERIENCES

## SERVING VARIOUS INDUSTRIES WITH MULTIPLE SOLUTIONS

- ❖ Mechanical Rotating & Static equipment installation
- ❖ All type of Oil and Gas plant modifications
- ❖ Piping Fi-up, welding and installation
- ❖ All Civil works including buildings roads, foundations etc.
- ❖ Electrical equipment Installation & Electrical wiring and termination
- ❖ Telecommunication equipment installation
- ❖ Instrumentation & Control Equipment installation including wiring and termination
- ❖ Critical activities execution such as hot taps
- ❖ Pre- Commissioning and commissioning support
- ❖ Shutdowns works
- ❖ Pipelines installation
- ❖ Offshore and onshore Heavy lifting

# Construction Techniques and Technologies

Delivering top-notch solutions that drive growth, efficiency, and success for our clients. Through innovation, dedication, and a customer-centric approach, we strive to make a positive impact in the markets we serve.

## Traditional Techniques

### I. Plan Project

Efficient project planning for successful outcomes.

### II. Management

Effective leadership ensuring organizational success.

### III. Design Result

Compelling design that captivates and delivers desired impact

## Modern Techniques

BG Construction uses digital technologies like Building Information Modeling (BIM) and off-site manufacturing methods such as modular and precast construction. Other techniques involve new materials and automation, including Drawings, Sketches and Prototype modules which improve efficiency, safety, and quality.

# MISSION AND VISION

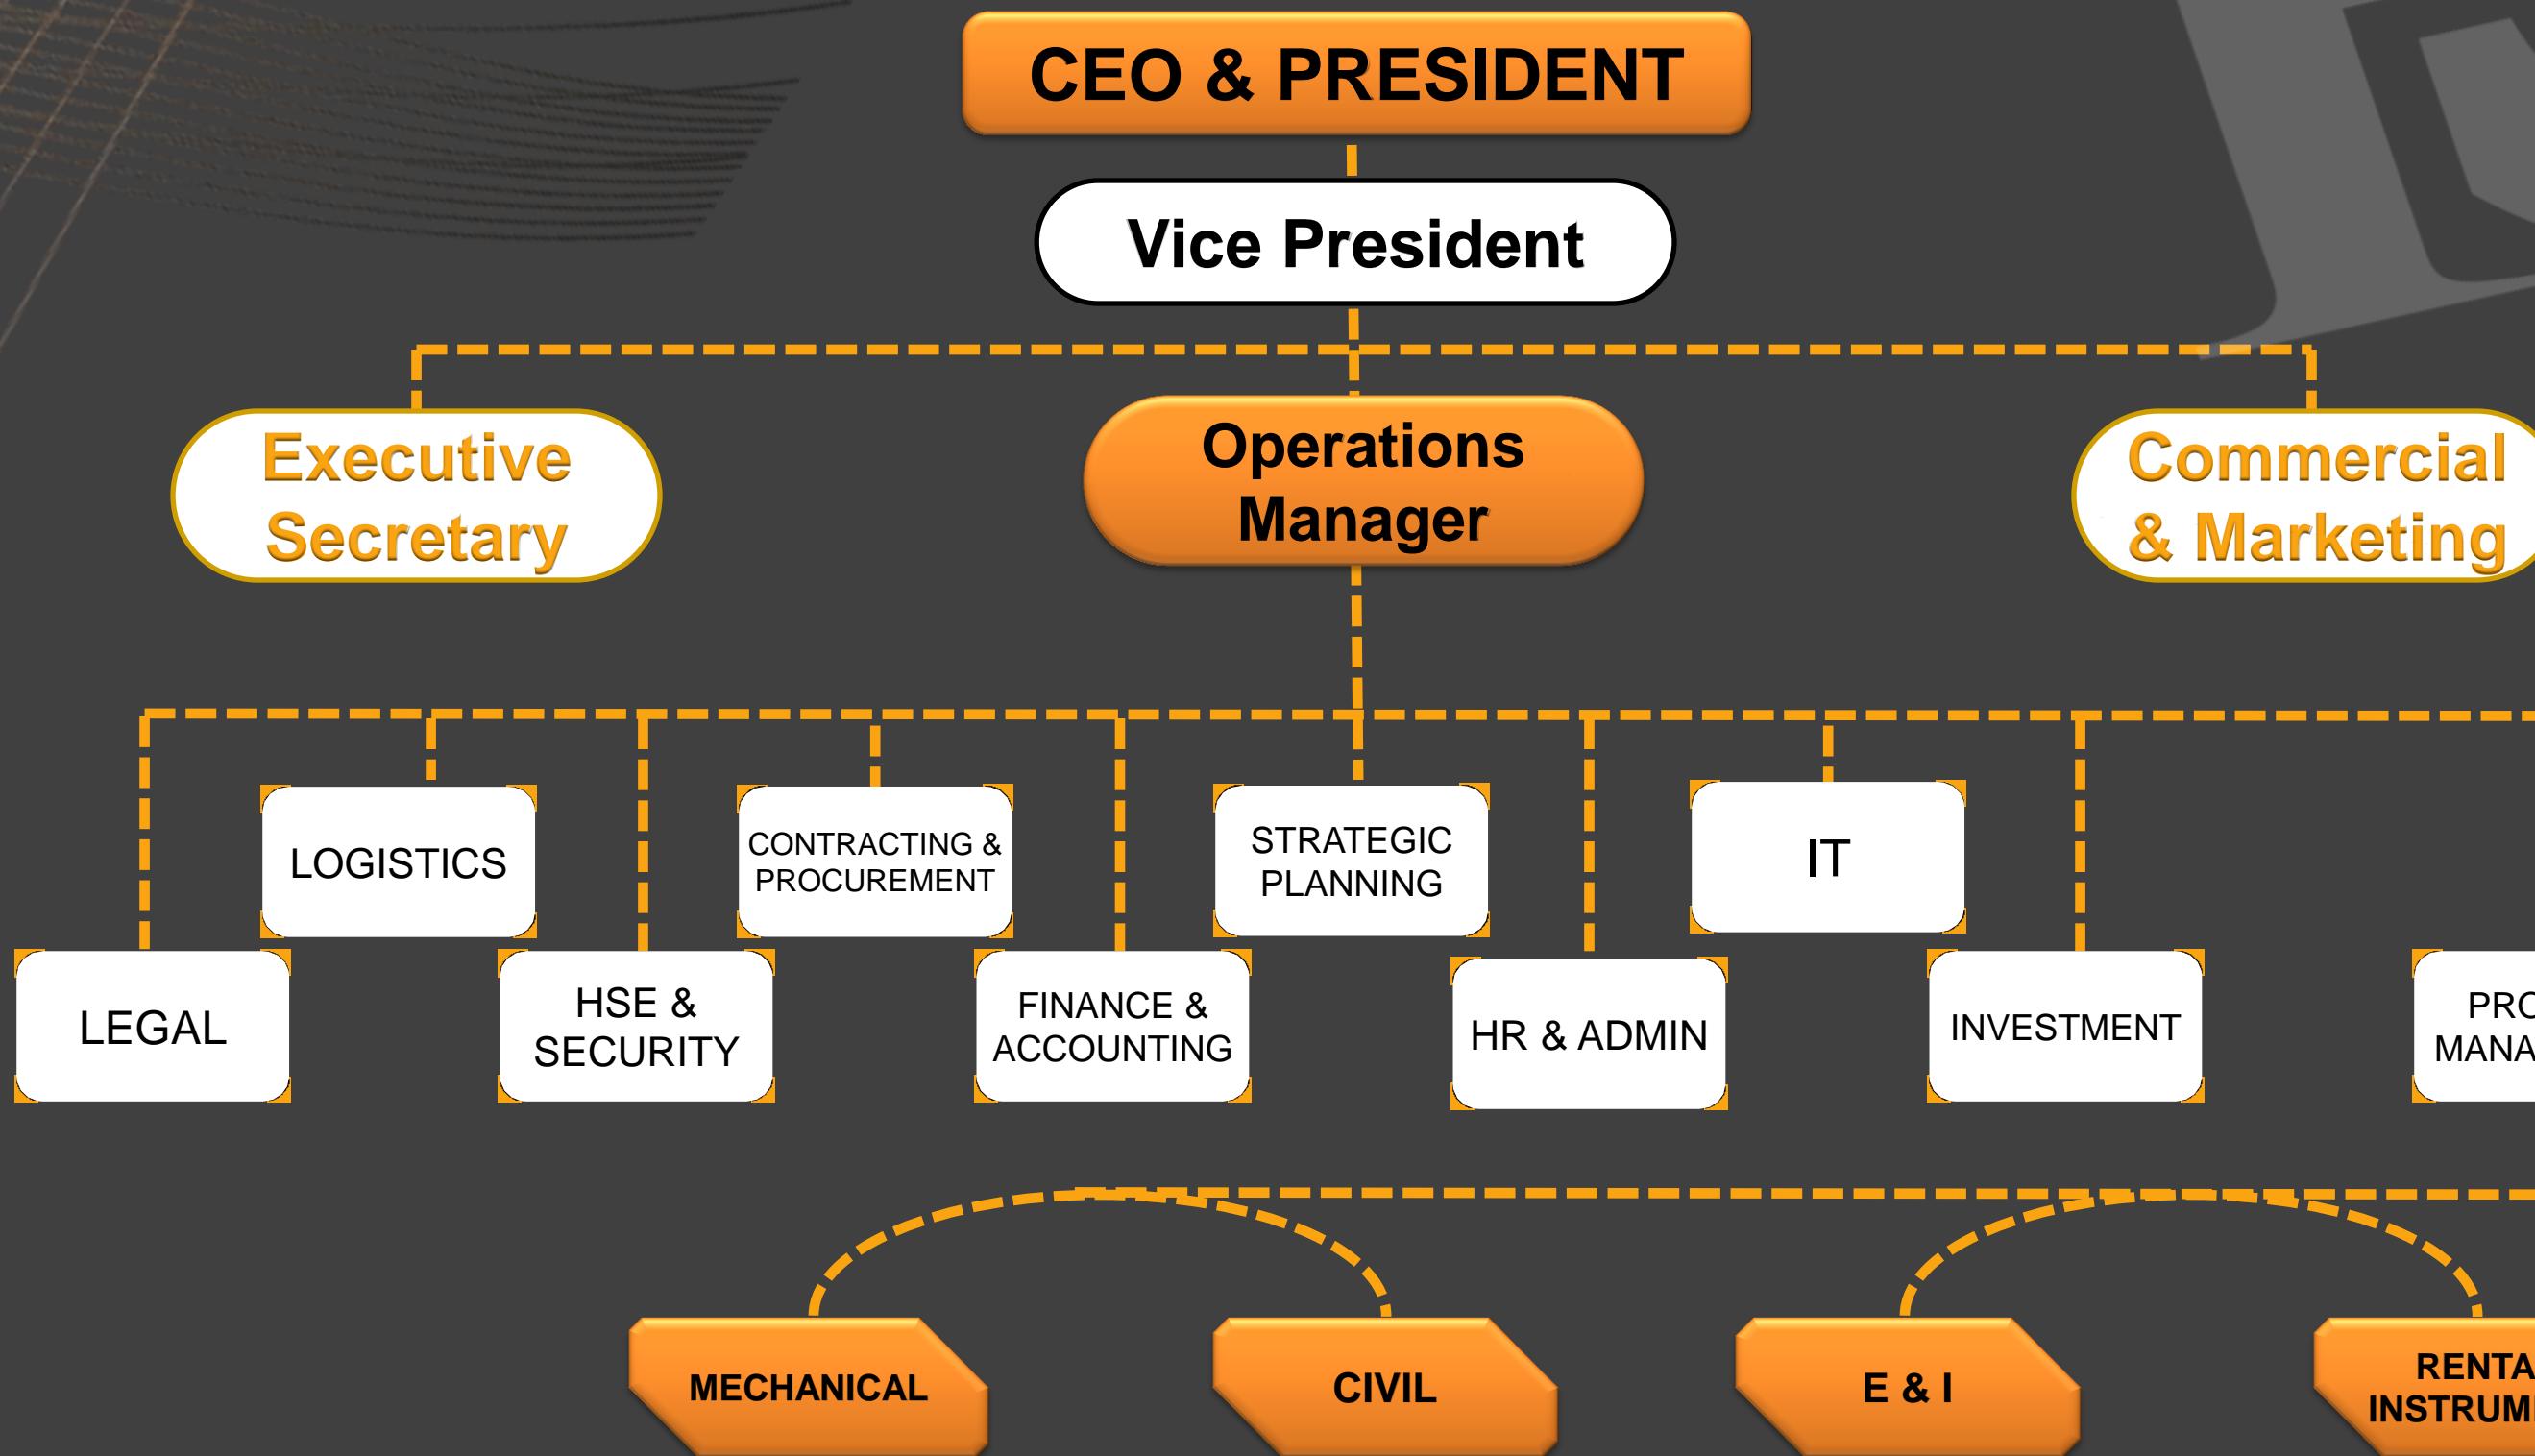

To empower individuals and businesses through innovative technologies and exceptional services, driving positive change and fostering sustainable growth.

To be a global leader in our industry, recognized for our commitment to excellence, customer satisfaction, and making a meaningful impact on the world.

# SERVICES BG's PROVIDED

1

High-quality products/services, satisfaction, and cost-effectiveness are at the core of our business process.

2

We prioritize efficiency, innovation, and continuous improvement to stay competitive in the industry.

3

Our commitment to sustainability and social responsibility guides our business decisions and practices.

# In SHUT Down

- BG provides expert shutdown & maintenance services, including:
- Pressure Vessel repair/modification internals & nozzles
- Storage Tank repair/modification (API 653)
- Heat Exchanger maintenance & repair
- Air Cooler cleaning, nozzle replacement & tube repairs
- Columns tray support ring & floor replacement, modifications
- Pipeline construction, repair & modification
- Flare & Stack maintenance and repairs
- We ensure safety, quality, and compliance in all industrial maintenance solutions

## FABRICATION AND ERECTION OF PIPING/STR

- BG offers a comprehensive range of industrial fabrication/Erection works that cater to various construction needs, including pipelines, process piping metallic/non-metallic.** Our expertise in fabrication/errections allows us to deliver high-quality, innovative solutions tailored to meet specific demands.

## TANK DIVISION

- BG storage solutions for the oil and gas, power, water, wastewater and metals and mining industries include:
  - Atmospheric Storage Tanks as per API 650 :
    - Cone Roof -Self supported or Column Supported
    - Dome Roof
    - Floating Roof Internal & External Pontoon type.
- BG professional team of Engineers and Detailers specializes in the design, analyze and detail of tanks based on international codes and standards such as API, ASME, AWWA, UL, etc.
- Our Engineering JV supports the division from pre-bid design stage to project execution with optimum design, as per required codes to ensure best quality possible for lasting performance, structural integrity and durability against long term corrosion and leakages. We provide best solution to the clients for the following:
  - Design of Low Pressure and Atmospheric Tanks as per API 620 & API 650.

## ACCOMPLISHMENTS

### FABRICATION & ERECTION

#### CONSTRUCTION OF SWCC TANK

Construction of Two Tanks

PROJECT TYPE	Fabrication & Erection
TIMELINE	2.5 Years
LOCATION	RIYADH
VALUE	7 Million SAR

### BOTTOM REPLACEMENT

#### BOTTOM REPLACEMENT OF DEMIN WATER TANK (UNITED)

REPLACEMENT OF BOTTOM, SKETCH & ANNULAR PLATES

PROJECT TYPE	Bottom Replacement
TIMELINE	8 months
LOCATION	Jubail
VALUE	3.3 Million SAR

### REPLACEMENT OF VESSEL

#### FABRICAITON & REPLACEMENT OF PP DISCHARGE VESSEL & STR

Replacement of Vessel

PROJECT TYPE	Replacement of Vessel
TIMELINE	07 months
LOCATION	Jubail
VALUE	2.9 Million SAR

# BG's Mechanical Mastery

### REPLACEMENT OF VESSEL

#### REPLACEMENT OF HEAT EXCHANGERS

Shutdown Work

PROJECT TYPE	Replacement of Vessel
TIMELINE	3 months
LOCATION	Jubail
VALUE	1.6 Million SAR

### TCF DEVELOPMENT & REPAIR

#### EXCHANGER SHELL REPAIR WORK & TCF DEVELOPMENT

Development of Technical Construction Facility (TCF)

PROJECT TYPE	TCF Development & Repair
TIMELINE	09 MONTHS
LOCATION	JUBAIL
VALUE	2.9 MILLION SAR

## INITIATIVES

# BG's Mechanical Mastery

### FABRICATION & INSTALLATION

#### FABRICATION/INSTALLATION OF RTR LINE

6.7 KM GRE PIPELINE

PROJECT TYPE      Fabrication & Installation

TIMELINE            09 Months

LOCATION            Jubail

VALUE                7.4 Million SAR

ONGOING PROJECT

### FABRICATION & INSTALLATION

#### CONSTRUCTION OF 24" DOWN STREAM PIPELINE

16 KM PIPELINE JUBAIL AREA

PROJECT TYPE      Fabrication & Installation

TIMELINE            13 Months

LOCATION            Jubail

VALUE                5 Million SAR

ONGOING PROJECT

### FABRICATION & ERECTION

#### FABRICATION & REPLACEMENT OF PIPING & STR VALVE STATIONS...

56,000 INCH-DIA PIPING & 1590 TONNAGE OF STRUCTURAL WORK

PROJECT TYPE      Fabrication & Erection

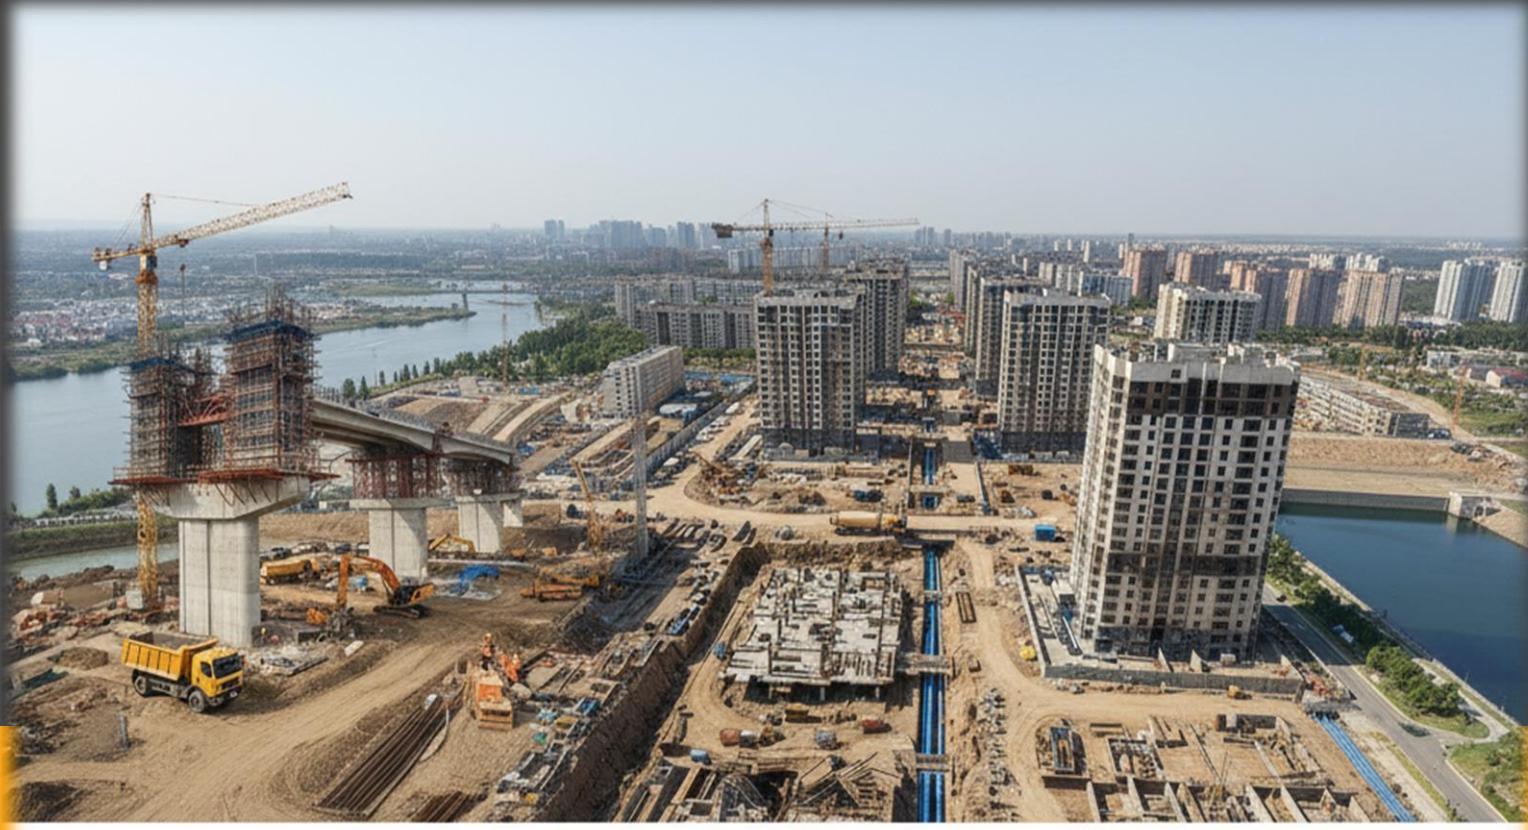

TIMELINE            11 Months

LOCATION            Jubail

VALUE                6.7 Million SAR

COMPLETED PROJECT

# BG's Civil Acumen

- Land Surveying
- Oil & Gas Pipeline Construction
- Pre-casting of foundations Works,
- All types of Earth Works, Concrete Works
- All types of Civil Maintenance Works
- Painting Works,
- Scaffolding activities
- Carpentry Works
- Aluminum Doors & Windows
- Complete TCF development (As Per ARAMCO STD)
- Fencing Works
- Swimming pool
- Landscaping & Beautification works

# SPECIALIZED IN LAND SURVEYING

BG is a specialized land surveying company in Saudi Arabia and the Gulf States, known for its steady growth and expertise. Using advanced technology, BG delivers high-quality, reliable solutions across various projects. With a dynamic management approach and adherence to global project management standards, CCT ensures successful project completion while prioritizing client satisfaction and quality.

# BG's Civil Acumen

# PILING & FOUNDATION WORKS

Good construction starts from the ground up and it's important to ensure that care is taken at every step of the process.

We understand the importance of quality construction work and for over 10 years have helped our clients ensure their piling projects get off the ground safely, efficiently, and on time.

BG Piling offer a full service and can install all **types of piling** necessary for the ground conditions encountered throughout KSA.

Our piling rigs and experience working on sites with restricted access allows us to offer a wide range of solutions, including mini piling for domestic and commercial extensions, as well as retaining

Works for basements and new builds in and around the KSA

# BG's Civil Acumen

## TYPES

Typically, the purpose of a piled foundation is to transfer loads from the ground level to a depth where a higher bearing capacity can be achieved. Types of piling are

Mini Piling  
CFA Piling

- Open Bored Piling
- Contiguous Bored Piles
- Secant Bored Piles
- King Posts

# ROAD PAVING, REPAIR & MAINTENANCE

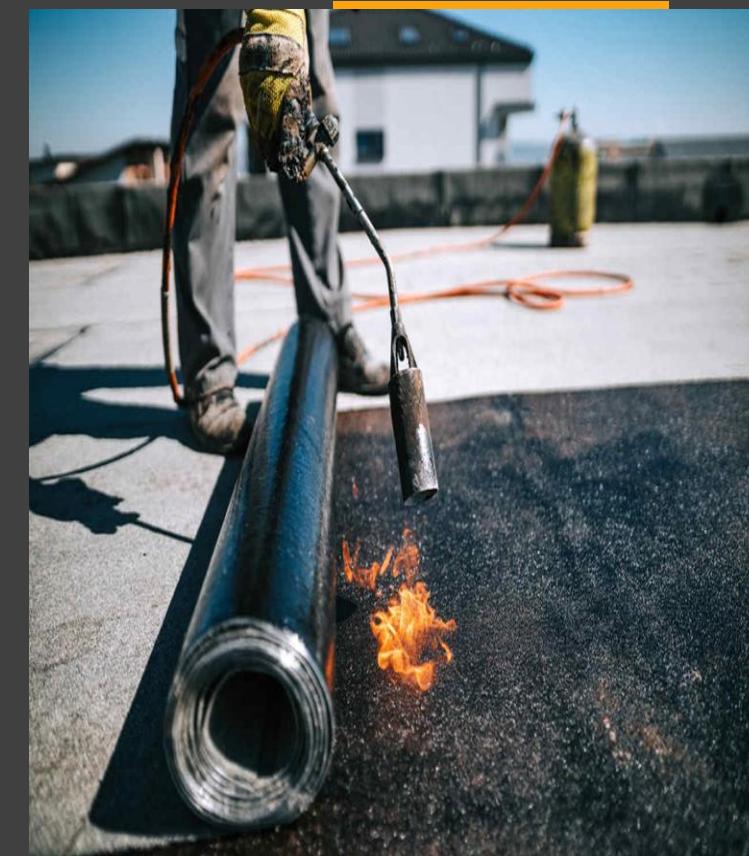

**BLACK GOLD** is a asphalt contractor based in Saudi Arabia, specializing in road paving, maintenance, and repairs. We deliver high-quality asphalt mixes tailored to meet specific requirements and complete projects efficiently with the expertise of our skilled engineers and technicians.

Our dedication is to provide reliable and top-notch asphalt paving services to our clients.

# BG's Civil Acumen

## WATER PROOFING

### WATER PROOFING

BG provides waterproofing and restoration consultation services to architects, engineers, and building owners on new construction and rehabilitation projects.

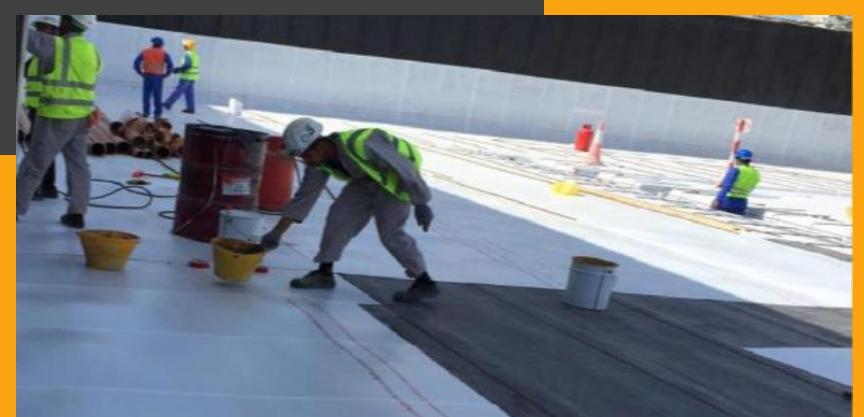

BG utilizes the most up-to-date techniques in the industry for both new construction and remedial projects. We look forward to helping you with all your waterproofing needs.

Water is persistent, but so are we. We take a holistic approach to your building's waterproofing needs to guarantee longevity and durability.

### TYPES

BG provides you almost any type of waterproofing recommended by design engineer. Below is the list of most commonly used types:

- Fully bonded System
- Liquid Applied system
- Torch Applied System
- PVC Waterproofing
- Lining & Insulation
- Cementitious Waterproofing
- Polyurea Waterproofing

# CONCRETE REPAIR WORKS

BG has repaired hundreds of thousands of lineal feet in a wide variety of infrastructure for over a decade.

With that much experience, it's no wonder why BG is widely recognized as the number one Concrete Repair contractor in the KSA.

Our state-of-the-art equipment and products, variable pressure pumps, proper port spacing, and correct selection of injection resins, help ensure full depth penetration of the adhesive. The result is a fully rehabilitated structure.

## CONCRETE STRENGTHENING

BG For some high-end clients where failure is not an option during operations and the cost of shutdown is enormous, BG provides the latest technology solutions such as carbon fibre encapsulation to protect and enhance strength of sensitive structures. Reasons for structural strengthening include:

- Retrofit for seismic loading.
- Reinforcement due to corrosion section loss
- Structural modification, vertical extension, horizontal extension
- Change of use giving an increased loading
- Inadequate design or construction

## Structural Strengthening and Repair Options include:

- Foundations Strengthening
- Slab, Decks & Car parks strengthening
- Coating & waterproofing protection
- Columns Strengthening.
- Beams strengthening
- Bridges strengthening

## TECHNIQUES

BG provides an array of structural strengthening services including

- CFRP Plate Bonding (Carbon Fibre Reinforced Polymer)
- Traditional Steel Reinforcement
- Aramid/Kevlar Fibre Wrapping
- Bridge Arch Strengthening
- Carbon Fibre Wrapping
- Steel Plate Bonding
- Structural Steel Repairs

# TANK LINING & COATING

BG have a vast experience in repairing leaking tanks and tank lining/re-lining.

Tank linings can be formed using Glass Reinforced Plastic (GRP) or other materials such as EPOXY, Polyurethane or Polyuria.

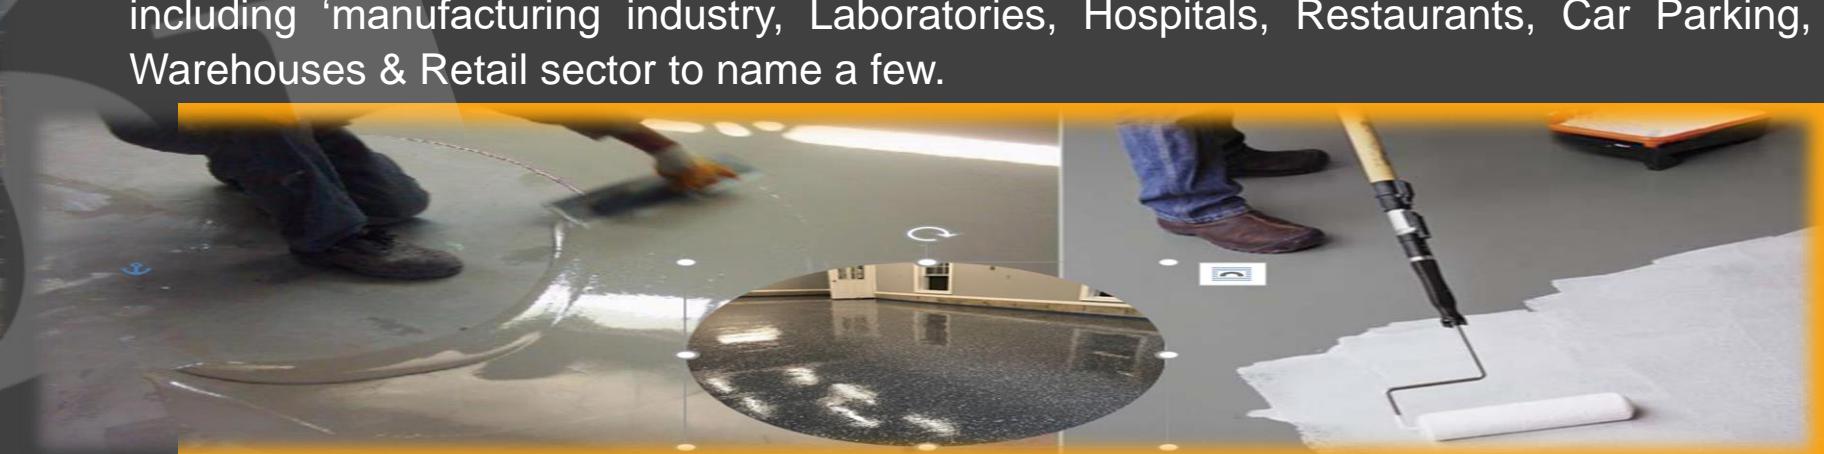

We offer cost effective relining any liquid retaining structures made from steel, concrete or GRP. The Benefits of lining a storage tank are significant and include: preventing leakage, extending life & resistance to corrosion against chemicals

## APPLICATIONS

BG tank lining service typical applications & range of uses include:

- Underground fuel storage tanks
- Potable water tanks
- Concrete water tanks
- Chemical storage tanks
- Waste water tanks
- Effluent tanks
- Cooling Tower Tanks

## TECHNIQUES

BG team is known for their rich history for flooring application using high quality material to achieve maximum durability and fine finish, approved by many entities such as Saudi electricity and SABIC. We offer below services for flooring:

- Concrete floor repairing
- Epoxy-Coating
- Self-Levelling
- Cementitious floor levelling
- Floor Polishing
- Polyurethane Flooring
- Waterproofing

## EARTH WORKS

Black Gold deliver professionally planned and executed Earthworks packages, operating across a variety of sectors, on projects of all sizes and complexity.

With a comprehensive and modern fleet of earthmoving plant, our ability to provide quality earthworks remain unparalleled.

This professional approach continues on-site with fully accredited management, experienced workforce and drivers, GPS-equipped machines and a KSA-wide coverage capacity.

## BG's Civil Acumen

## DEWATERING SOLUTIONS

BG Dewatering are leaders in dewatering solutions. Black Gold expertise in deep well dewatering and groundwater control, with equipment and services for both hire and installation of diesel centrifugal pumps and bore hole deep well pumps. No matter what your pumping requirement, we will provide a reliable solution quickly and professionally.

### SERVICES

We offer immediate pump hire includes;

- Single Stage & Multi Stage Well Pointing Systems
- Deep Well Dewatering Systems
- Submersible Sewage Pumps
- Submersible Pumps
- Diesel Powered Centrifugal Pumps
- Medium And High Head Pumps

and a broad range of dewatering accessories

# BG's E & I Prowess

- Black Gold has provided **exceptional electrical services and solutions for industrial and commercial clients.**
- Our years of experience, along with our diverse and specialty services, have made it possible to successfully complete electrical portion of the building construction including: installation of industrial machining equipment, conveyor systems, process systems, medium voltage switchgear, distribution centres (including dot com facilities), hospitals, commercial projects for retail centres, grocery stores, professional offices, banks, mosques, auto dealerships and tenant complexes as well as, hundreds of industrial projects for oil & gas facilities, manufacturing, packaging, food handling, and technology companies. The Portfolio section should help you see that Black Gold Electric and its Management Team are well respected in this industry.

Black **Gold**  
Construction.

# BG's E & I Prowess

## BG's COMPETENCIES

- 3D CAD Drawings
- Pre-Project Planning
- Procurement
- Utility Service Coordination
- Electrical Audits
- Installation & Maintenance
- Project Management
- Medium & Low Voltage
- Value Added Services
- Quality & Safety

## E & I (DESIGN & ENGINEERING)

Black Gold Electric prides itself on the reputation that it has built while providing electrical design, electrical installation and electrical maintenance for a wide range of facilities. Our 100% commitment to customer satisfaction ensures that our customers have a competitive advantage on all of their electrical projects. We specialize in providing value added services to our customers that focuses on the needs of our customers ensuring that our products and services to improve value without sacrificing quality, reliability or service.

**Black Gold**  
Construction.

# BG's E & I Prowess

## BG's SERVICES

- Main Switchgear Installations
- Power & Control Wiring for Processing & Manufacturing Equipment
- Power for Commercial and Industrial Projects
- Bus Duct & Riser Feeders
- Computer Room Installations
- Emergency Services Value Added Services
- New Construction and Terminations
- Cable Section Replacement for Faulty Circuits
- Reconstruction & Emergency Restoration
- Uninterruptible Power Systems
- Generator System Installation
- Preventive Power Maintenance Programs

## E & I (POWER)

At cct electric, our highly experienced team members are dedicated to the creation of innovative solutions based on your specific requirements and are prepared to design, construct and troubleshoot even the most complex installations.

## BG's SERVICES

### PROCUREMENT / CONSTRUCTION;

- Procurement of Equipment & Materials.
- Logistic Services
- Laying, Splicing & Termination of Power Cables.
- Supply & Installation of LV & MV Distribution Panels.
- Supply & Installation of Motor Control Centres.
- Supply & Installation of pf correction panels
- Supply & Installation of all types of cable distribution systems including cable tray, cable ladders & conduits.
- Supply & Installation of power & control transformers & Generators.
- Testing & Commissioning of electrical equipment's.

# BG's E & I Prowess

## BG's SERVICES

- Industrial & Warehouse Interior Lighting Solutions
- Hi-Bay LED Warehouse Lighting. (New & Retrofit)
- Hi-Bay Fluorescent Lighting. (New & Retrofit)
- High Intensity Discharge (H.I.D.) New & Retrofit
- Food & Beverage Industry Lighting  
(GMP Compliant)
- Oil & Gas Listed Lighting (XP, Oil, & Dust Tight)
- Lighting Audits with Payback Analysis (ROI)

## E & I (LIGHTING)

For a cost-effective and innovative lighting solution, our design and installation services include a variety of customized choices, with a wide range of Consultants and Designers. Black Gold has strived to be the lowest cost provider of quality lighting installations to our customers. Black is well positioned to offer customers complete turnkey services from design to installation as well as emergency maintenance and repair.

### COMMERCIAL & OFFICE ENVIRONMENT LIGHTING;

- Fluorescent and New LED Lighting Solutions.
- Interior Architectural Lighting, Incandescent
- Dimming & Lighting Control Systems
- Low Voltage Lighting Solutions.
- Direct / Indirect Lighting.
- Atmosphere Lighting.
- Classroom Lighting.
- Retail Store Lighting.
- Decorative Lighting.

### EXTERIOR LIGHTING SERVICES;

- Parking Lot / Pole Lighting. Maintenance, Repair, Installation, & Retrofit.
- Municipal Street Lighting.
- Parking Garage Lighting.
- HID, Metal Halide, High Pressure Sodium, Mercury Vapour, & LED Lighting.
- Maintenance, Retrofit, Installation, & Repair.
- Underground Cable Repair or Replacement.
- Sports Lighting (Baseball, Softball, Football, Soccer, etc....)

**Black Gold**  
Construction.

# BG's E & I Prowess

## BG's SERVICES

- Installation of remote instrument enclosures.
- Integration of Analysers in shelters.
- Installation of SCADA/PLC/DCS systems.
- Process control field instruments.
- Metering skids & Gas detection system installation.
- Fire Alarm & Fire Control Systems
- Telecommunication & Access Control Systems
- CCTV & Security Systems

# E & I (INSTRUMENTATION)

Our team of Engineers specialise in delivering exceptional quality instrumentation works to a diverse clientele of multinational companies in the petroleum, petrochemical and Oil & Gas industries. We have earned the distinctive reputation of being a reliable and trust worthy partner in the industry with an excellent track record.

## BG's SERVICES

- Cable laying, testing and termination of instrument and control cables.
- Supply & Installation of all type of instruments including temperature gauges, pressure gauges, flow meters, analysers, temperature & pressure switches and flow transmitters & receivers
- Installation of all kind of control valves.
- Supply & installation of instrument tubing.
- Supply & Installation of Tank gauging systems.
- Supply & Installation of instrumentation shelters
- Field Instrument Testing & Inspection
- Process Loop Testing

**Black Gold**  
Construction.
